About the Program:

Group discussions promote a deeper understanding of a topic and increase retention. Group discussions help increase participants' attention and help maintain their focus on the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Program Objectives:

- ▶ Provides different approaches to a topic
- ▶ Improves confidence in public speaking platform
- ▶ Generate more ideas and a structured presentation of a topic
- ▶ Improves analytical abilities to think on a particular given topic
- ▶ Gives a chance to listen, know and understand diverse opinions on a particular matter

Program Outcomes:

Group discussion generates a creative thinking in all participants, something beyond the obvious answers and solution to a specific problem. Participants are given a chance to listen, know and understand, diverse opinions on a particular matter.

About the Program:

Group discussions promote a deeper understanding of a topic and increase retention. Group discussions can help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Program Objectives:

- ▶ Provides different approaches to a topic
- ▶ Improves confidence in public speaking platform
- ▶ Generate more ideas and a structured presentation of a topic
- ▶ Improves analytical abilities to think on a particular given topic
- ▶ Gives a chance to listen, know and understand diverse opinions on a particular matter

Program Outcomes:

Group discussion generates a creative thinking in all participants, something beyond the obvious answers and solution to a specific problem. It gives a chance to listen, know and understand diverse opinions on a particular matter.

Event Details:

Training and Placement cell conducted a Webinar on how to become Full stack developer on June 19, 2021. Students learnt about HTML, CSS under Full stack developer. The presentation featured the program's primary content. They instructed the pupils theoretically on the topic and students gain knowledge on Full stack developer. Slide presentations were used to explain the concepts. Our students learned a lot about HTML and CSS on this wonderful day of instruction. The program came to a close with a brief student feedback session led by the lecturer and program coordinator.

Subject: Request for permission to conduct “Block Chain Technology-Webinar”.

Through: HOD – Training and Placement

Respected Sir,

The Training and placement is planning to conduct “Block Chain Technology-Webinar” for our students on 03-06-2021. These kinds of training programs are an effective way of sharing information and develop the ability skill among the students. It keeps students informed clearly and effectively and helps to keep them engaged.

I request you to give permission to organize this competition.

Thanking you

Yours faithfully,

Event Coordinator

About the Program :

Internet of Things is the inter-networking of physical devices, vehicles, buildings, and other items, embedded with electronics, software, sensors, actuators, and network connectivity that enable these objects to collect and exchange data.

Program Objectives:

This program aims at providing an opportunity for participants to enrich their knowledge and skill in developing various solutions for solving engineering problems in the society. This workshop serves as a platform for research scholars, faculty, engineers and students to interact on cutting-edge technologies in IoT.

Program Outcomes:

How to send data to the Internet and talk to the Cloud. Conclusion: In this Workshop, how machine to machine connectivity is rapidly growing everywhere was discussed. Also the business benefits for connected devices and assets' for remote location connectivity are instantly cleared.

Subject: Request for permission to conduct “Big data Technology - Webinar”.

Through: HOD – Training and Placement

Respected Sir,

The Training and placement is planning to conduct “Big data Technology - Webinar” for our students on 19-03-2021. These kinds of training programs are an effective way of sharing information and develop the ability skill among the students. It keeps students informed clearly and effectively and helps to keep them engaged.

I request you to give permission to organize this competition.

Thanking you

Yours faithfully,

Subject: Request for permission to conduct "Google Cloud SQL - Workshop".

Through: HOD - Training and Placement

Respected Sir,

The Training and placement is planning to conduct "Google Cloud SQL - Workshop" for our students on 17-02-2021. These kinds of training programs are an effective way of sharing information and develop the ability skill among the students. It keeps students informed clearly and effectively and helps to keep them engaged.

I request you to give permission to organize this competition.

Thanking you

Yours faithfully,

About the Program:

Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Program Objectives:

- Provides different approaches to a topic
- Improves confidence in public speaking platform
- Generate more ideas and a structured presentation of a topic
- Improves analytical abilities to think on a particular given topic
- Gives a chance to listen, know and understand diverse opinions on a particular matter

Program Outcomes:

Group discussion generates a creative thinking in all participants, something beyond the obvious answers and solution to a specific problem. It gives a chance to listen, know and understand diverse opinions on a particular matter.
