**Subject:** Request for permission to conduct “IP Security Algorithms in Networks”.

**Through:** HOD – Training and Placement

Respected Sir,

The Training and placement is planning to conduct “IP Security Algorithms in Networks” for our students on 19-11-2021. These kinds of training programs are an effective way of sharing information and develop the ability skill among the students. It keeps students informed clearly and effectively and helps to keep them engaged.

I request you to give permission to organize this competition.

Thanking you

Yours faithfully,

About the Program:

Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Program Objectives:

- Provides different approaches to a topic
- Improves confidence in public speaking platform
- Generate more ideas and a structured presentation of a topic
- Improves analytical abilities to think on a particular given topic
- Gives a chance to listen, know and understand diverse opinions on a particular matter

Program Outcomes:

Group discussion generates a creative thinking in all participants, something beyond the obvious answers and solution for a specific problem. It gives a chance to listen, know and understand diverse opinions on a particular matter.

Academic Year: 2021-2022

Semester: Odd

Date and Time	19.11.2021
Duration of Program	2Hrs
Name and Type of the event	IP Security Algorithms in Networks
Event Venue	CC2 lab, 1 <sup>st</sup> floor
Organized By	Department of Training and Placement
Program Co-ordinator	Mr.U.Arun
Targeted Audience	IV – CSE, IV - MCA
No. of participants enrolled	74

#### Event Details:

Training and Placement cell hosted aIP Security algorithms in networks on November11, 2021. The Workshop held was a highly informative and engaging event that provided attendees with valuable insights in the field of IP security algorithms. Participants had the opportunity to learn onEncapsulating Security Payload (ESP), Authentication Header (AH), Internet Key Exchange (IKE). They also taught the students about the other protocols in networking security. Our students learned a lot and the program came to a close with a brief student feedback session led by the lecturer and program coordinator.

**Subject:** Request for permission to conduct “**Linear Structures algorithm in Data Structures**”.

**Through:** HOD – Training and Placement

Respected Sir,

The Training and placement is planning to conduct “**Linear Structures algorithm in Data Structures**” for our students on 16-09-2021. These kinds of training programs are an effective way of sharing information and develop the ability skill among the students. It keeps students informed clearly and effectively and helps to keep them engaged.

I request you to give permission to organize this competition.

Thanking you

Yours faithfully,

about the Program:

Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Program Objectives:

- Provides different approaches to a topic
- Improves confidence in public speaking platform
- Generate more ideas and a structured presentation of a topic
- Improves analytical abilities to think on a particular given topic
- Gives a chance to listen, know and understand diverse opinions on a particular matter

Program Outcomes:

Group discussion generates a creative thinking in all participants, something beyond the obvious answers and solution to a specific problem. It gives a chance to listen, know and understand diverse opinions on a particular matter.

Date and Time	16.09.2021
Duration of Program	2Hrs
Name and Type of the event	Linear structures algorithm in Data structures
Event Venue	CC2 lab, 1 <sup>st</sup> floor
Organized By	Department of Training and Placement
Program Co-ordinator	Mr.U.Arun
Targeted Audience	IV – CSE, IV – MCA, IV – ECE, EEE
No. of participants enrolled	106

#### Event Details:

Linear structures algorithm in data structures had been conducted by training and placement cell on 16<sup>th</sup>, September, 2021. The session explains the basic linear structures, some algorithms on this data structures like Euclid's GCD algorithm, Greedy algorithm, Dynamic programming. The main content of the program was displayed on presentation. Presented using slide shares and gave many realistic examples. It was a great day of learning and exposure about Linear data structures algorithms to our students. The programme ended up with vote of thanks short feedback session from the students led by lecturer, programme coordinator.

**Subject:** Request for permission to conduct “Webinar on Recent Trends and Technologies in Web Development”.

**Through:** HOD – Training and Placement

Respected Sir,

The Training and placement is planning to conduct “Webinar on Recent Trends and Technologies in Web Development” for our students on 25-01-2022. These kinds of training programs are an effective way of sharing information and develop the ability skill among the students. It keeps students informed clearly and effectively and helps to keep them engaged.

I request you to give permission to organize this competition.

Thanking you

Yours faithfully,

**About the Program:**

Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

**Program Objectives:**

- Provides different approaches to a topic
- Improves confidence in public speaking platform
- Generate more ideas and a structured presentation of a topic
- Improves analytical abilities to think on a particular given topic
- Gives a chance to listen, know and understand diverse opinions on a particular matter

**Program Outcomes:**

Group discussion generates a creative thinking in all participants, something beyond the obvious answers and solution to a specific problem. It gives a chance to listen, know and understand diverse opinions on a particular matter.

#### Event Details:

Training and Placement cell hosted a Webinar on Recent Trends and Technologies in Web Development on January 25, 2022. The Workshop held was a highly informative and engaging event that provided attendees with valuable insights in the field of recent technologies in Web development. Participants had the opportunity to learn mainly on Artificial Intelligence and Machine learning, Chatbot and Virtual assistant. They also taught the students about the cloud based development and deployment. Our students learned a lot and the program came to a close with a brief student feedback session led by the lecturer and program coordinator.

about the program:  
 Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

- Program Objectives:**
- Provides different approaches to a topic
  - Improves confidence in public speaking platform
  - Generate more ideas and a structured presentation of a topic
  - Improves analytical abilities to think on a particular given topic
  - Gives a chance to listen, know and understand diverse opinions on a particular matter
- Program Outcomes:**
- Group discussion generates a creative thinking in all participants, something beyond the obvious answers and solution to a specific problem. It gives a chance to listen, know and understand diverse opinions on a particular matter.
