

KARPAGA VINAYAGA

COLLEGE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai and Accredited by NAAC)
GST Road, Chinnakolambakkam, Madhuranthagam Taluk, Chengalpattu District - 603 308, Tamil Nadu

Green and Environment Policy

- **Students, and staff using**
 - **Bicycles**
 - **Pedestrian Friendly Roads**
 - **Plastic-free campus**
 - **Paperless office**
 - **Green landscaping with trees and plants**
- **Response:**

The institution conducts the green audit every year. KVCET recognizes that unchecked human activity can have a detrimental impact on serious environmental concerns such as global warming, deforestation and biodiversity loss. For countering this, the institution is fully committed towards the reduction of carbon footprint and promotion of sustainable development at all levels.

Major goal is to operate a technical educational institute of repute and contribute positively to the environment at the same time. We intend to achieve this by adopting the following steps.

Minimizing pollution and waste on our campus
Buying environmentally intelligent products
Stressing on energy conservation and using alternative sources wherever applicable
Informing and educating all our students and staff about the same

A peaceful and pollution free environment is necessary for the college which plays an important role in the success of every student in increasing the concentration and get succeed. Our institution helps to maintain a green environment through the following:

Bicycles

The campus is more of walk friendly. Both staff and students are encouraged to use bicycles on the campus. Students are not permitted to operate two-wheelers within the campus.

Pedestrian Friendly Roads

Pedestrian friendly roads are provided with pavements on either side of the road from the main entrance to all the buildings for students and faculty to walk freely through lush green trees.

Plastic-free campus

Our college students and faculty have made a commitment to reduce plastic footprint; pledging to measurably reduce plastic pollution on college campus, with a particular focus on the reduction and elimination of plastic bottles, plastic straws and utensils, single-use plastic bags and plastic or “Styrofoam” food packaging.

Paperless office

Here are five cutting-edge ways followed in the institution to cut paper out of daily routine:

Internal Documents are shared through intranet available without printing

Paperless statements are maintained through the online transaction of bill payments.

For Storage and file sharing, Dropbox in Email through the Internet is effectively used.

Team Viewer, an office package allows faculty members to have remote access to office computers 24/7 through their computers and Smartphones. It has additional features for screen sharing during presentations, transmitting videos, sharing files teleconferencing and virtual classrooms.

Scanning and Faxing are done through the FAX Machine for all stakeholders.

Green landscaping with trees and plants

The campus has plenty of trees and gardens that are well maintained and NSS is regularly maintaining the campus. They also plant saplings on special occasions during days of national importance. The following activities are undertaken for our campus to be green.

- Reduction of water usage through recycling water.
- Saving electricity consumption by the installation of solar panel and using LED bulbs.
Rainwater Harvesting facility is carried out in all blocks
- MoU has been signed with ITC, “Wealth on waste” for recycling of used papers through the authorized agency, M/s. Global Waste Recyclers Ltd.
