Dr. M. Sivaperumal, D.M.E., B.E., M.E., Ph.D. is an accomplished academician, researcher, and administrator with over 18 years of teaching, research, and industry experience in Mechanical and Automobile Engineering. He is currently serving as Associate Professor and Head of the Department of Automobile Engineering at Karpaga Vinayaga Educational Lore for Learning (Deemed to be University).

He obtained his Ph.D. in Mechanical Engineering from Anna University, specializing in Manufacturing Technology, Composite Materials, Material Science, and Optimization Techniques. His research interests include natural fiber composites, advanced manufacturing processes, nano materials, machining optimization, and sustainable engineering materials.

As an academic leader, extensive experience in department administration, academic planning, NBA and NAAC accreditation, research coordination, faculty mentoring, outcome-based education (OBE), and multidisciplinary initiatives. He has successfully coordinated departmental academic activities, research programs, and institutional quality assurance initiatives.

I had published 15 SCI-indexed research papers and several UGC Care and Scopus-indexed publications in reputed international journals. He has guided numerous postgraduate research projects and actively promotes innovation, collaborative research, and industry interaction.

His teaching portfolio includes Manufacturing Technology, Engineering Graphics, Metrology and Measurements, Engineering Mechanics, Design of Machine Elements, Robotics, Mechatronics, and Industrial Automation. He is committed to delivering quality engineering education through student-centered learning, research excellence, and continuous curriculum enhancement.

With a strong vision for academic excellence, research development, and outcome-based education, Dr. Sivaperumal continues to strengthen the department by fostering innovation, industry collaboration, faculty development, student placements, and a culture of lifelong learning.
